

Privacy and Security Policy

This Privacy Statement describes how Ren He Technology (HongKong) Limited collects, maintains, uses, and discloses your personal data. It also provides some details about the rights associated with customers' personal data.

Personal Data

To obtain information about Ren He Technology (HongKong) Limited products and services, to access and use this and other Ren He Technology (HongKong) Limited websites, and/or to apply for an account on Ren He Technology (HongKong) Limited, please provide your personal data to Ren He Technology (HongKong) Limited. Ren He Technology (HongKong) Limited may also collect data about you from a public channel (e.g., company register) when evaluating an application.

If you provide us with others' personal data, you represent that you are authorized to do so and agree to inform that person of our identity, that we will use and disclose the data for the relevant purposes set forth below, and such person may access to their personal data held by us.

Ren He Technology (HongKong) Limited will keep records of all transactions and activities on your account with us, including details of trading contracts and margin call notices. During the establishment of your relationship with Ren He Technology (HongKong) Limited, our company will also collect information about the products and services that we provide to you.

Our company legally collects information that allows us to identify and verify your identity. Your personal data will be handled in strict accordance with the privacy principles of the Privacy Act of 1993.

Phone Calls

Ren He Technology (HongKong) Limited may record calls between you and staff of Ren He Technology (HongKong) Limited. These records or transcripts may be used to resolve any dispute between you and Ren He Technology (HongKong) Limited.

Website of Ren He Technology (HongKong) Limited

Our company collects statistical data about visitors to our website, such as the number of visitors, pages viewed, types of transactions, online time, and files downloaded. This information may be used to evaluate and improve the performance of our

website. Other than statistical data, we will not collect any data about you through our website unless you provide us with such data.

Please also note that our Website uses cookies, which are small amounts of data that typically consist of a unique identification number or value sent from a website's computer to the customer's browser and stored on the customer's computer's hard drive. Each website can send its cookies to your browser if your browser allows it. However, in order to protect your privacy, your browser will only allow the website to access the cookies it sends to your computer.

In addition to facilitating your access to your own online account, cookies are also used to collect the statistical data described above when you use cookies on the website. When accessing an online account, the system creates cookies that uniquely identify the customer's computer and their user name and password, which means that you do not have to re-enter this data each time you access your online account.

Most Internet browsers are set up to accept cookies. But if you do not want to receive cookies, you can choose whether to accept or not by changing your browser Settings to reject all cookies or by setting the computer to be notified every time a Cookie is sent. If you reject all cookies, you will not be able to access your online account. You can also delete cookies from your computer after they have been created.
